001.03 When an UST system is determined to be subject to delivery prohibition procedures, the State Fire Marshal will notify the owner or operator by delivering notice in person, or by clearly posting a notice at the facility and sending a copy of such notice by certified mail to the last known address of the owner or operator. Once service of notice is complete, the State Fire Marshal will affix a red tag to the fill pipe of any non-compliant UST.

001.04 The State Fire Marshal will also maintain a list of all USTs that are determined to be ineligible for delivery of regulated substances. The list will be made available to the public by posting on the State Fire Marshal website at <https://sfm.nebraska.gov/>
